SUNY Broome Continuing Education is offering a SAT Test Prep Course for the May 8th Test

Your score on the Scholastic Assessment Test is one of the most important factors determining admission to the college of your choice. This test preparation course, used by over 700 educational institutions nationwide, is designed to help maximize your score. It concentrates on the test-taking skills that are critical for good performance on the SAT. The course utilizes a proven, five-step approach to large score improvements – diagnostic test; verbal and math review; questions-types and strategies; practice test reinforcement; and final test review.

The course also focuses on time-saving methods, critical thinking skills, and mathematical problem solving abilities. Materials provided by Cambridge Educational Services, the nations #1 campus-based test prep, and include textbooks and actual tests. Instructors are thoroughly trained, carefully selected and evaluated. Please have a calculator in class. **Please register by February 26th.** (prep for December 5th test date. Due to Covid, this test date can change)
