- The History Club went to New York City on November 2. Students were able to visit the Museum of Natural History, the Empire State Building and Times Square. It was a wonderful time and special thanks to the chaperones Mr. McDonough, Mrs. Simpson, Mrs. Fahringer, Mrs. Young and Mrs. Beach. The Gettysburg trip for April is currently being planned.

- The Environmental Ecology class had a project to improve recycling at our school, so they had a House competition to recycle drink containers and then collected the money for any of the containers that were nickel bottles or cans. The survey of the school asked questions about recycling habits and also which charity to donate the money to. Most people seemed to recycle here and at home and everyone agreed that if there were incentives, recycling would be more popular. We collected 741 recyclable bottles and cans, of which those being nickel bottles and cans garnered us \$51 that will be going to the Humane Society. We thank ALL of the Houses and those students who participated in our project! The winning House of a week of dress down is the blue House of St Ignatius of Loyola and their dress down is all of next week. Congrats!

- **BUILDER'S CLUB "PROJECT BONE" DRIVE TO BENEFIT THE BROOME COUNTY DOG SHELTER**
