Thank you so much for all of the Birthday wishes. Thank you for making our gift card collection a success! We have collected over $2500.00 for the victims of Hurricane Harvey in Texas. Our community continues to be amazing with the outreach to other communities.

Here are some important events coming up:

- **Saturday September 16th**: Potato Harvest at 9 am located on Rte 26 Endicott across from Anne McGuinness School.
- **Friday September 22nd**: Add/ Drop deadline for courses.
- **Saturday September 23rd**: Senior Class Bottle Drive at 10:00am - 12:00pm SCC parking lot.

- Please see the following link for SCC Athletic Schedule [www.schedulegalaxy.com/schools/163](http://www.schedulegalaxy.com/schools/163)

- The Seton Builders Club is currently a newer club that started last year. This club is a service club for 7th- and 8th-grade students interested in helping their community. It is a great way to see what service may be needed in the surrounding communities and can help students gain leadership skills. You don't have to make any special time in the afternoon since the meetings will usually be in the mornings. Also, there will be a variety of service opportunities to choose from, so you can choose the ones that work the best for your schedule, but we need all the help that we can get, so the more the merrier. If you are interested in joining, contact Christian Kang at christian.kang.22@syrdiocese.org with your contact information, phone number, personal email, etc.

- In addition to the PSAT that we offer to all Juniors every October, this year we will be offering the PreACT to all 10th graders in February. This will give exposure to both the SAT and ACT prior to students choosing which assessment will be the most appropriate for them to take as a precursor to applying to colleges. - The following college admission representatives will be at Seton during the **week of September 18**:
  - **Monday, 9/18** - University of Scranton
  - **Thursday, 9/21** - St. John Fisher College
  Please check the calendar on the portal regularly for updates.

- **MATHCOUNTS** for 7th/8th grade students starts Tuesday, September 19th, in room 202 from 3:00 -3:45. Students who want to participate but cannot attend the meeting can pick up the work and check in once a week. See attached flyer for details.
