

SCRIP News

The May 23rd order will be the last order for the 2022-23 school year. If you have accrued SCRIP funds from this school year, please be sure to have your child registered for the 2023-24 school year so that these accrued funds can be applied to your tuition bill.

There will be a summer order, the date has yet to be determined, it will likely be late July/early August. This order's profits will be applied to the 2024-25 school year. The order form will be emailed home to families a week prior to the order date and will also be available on the CSBC website (www.csbc saints.org) under the CSBC SCRIP banner. Families will be responsible for getting their orders to the school as well as planning to pick them up when they are ready.

Vendor Updates

Kohl's

As noted on the SCRIP order form, the currently offered Kohl's gift card can NO longer be used to pay off your Kohl's charge. If you have Kohl's gift cards from previous orders, I encourage you to use them ASAP if you wish to pay off a charge as Kohl's stores are starting to eliminate this option from these cards. These cards can continue to be used to make Kohl's purchases both in stores and online.

Wendy's

Wendy's gift cards continue to be temporarily unavailable due to the company overhauling their gift card program. They are hoping to have them available by late summer/early Fall.

If you have any questions regarding the SCRIP program, please feel free to give me a call. I wish you a safe and sunny summer.
